Project Guidelines for Livestock Sale Members

The Barry County 4-H Livestock Developmental Committee has established the following guidelines for livestock sale participants to help 4-H members know what is expected of the livestock project:

Failure to follow these project guidelines as stated by the Barry county 4-H Livestock Developmental committee may disqualify a member/participant from the Livestock Sale at fair.

- Find a buyer for your animal, make personal contact, and invite them to the sale.
- Complete the appropriate beef, sheep or swine market journal according to your project area and have it judged on Non-Livestock Judging Day.
- Be present with your animal at species weigh in.
- Attend the animal species meetings at the beginning of fair week.
- Maintain an attractive, clean display of your animal during fair week.
- Must participate in showmanship and market class in your project area.
- Present your animal at the livestock sale in show condition.
- Help on show day and large animal livestock sale day as requested by superintendent and/or leader.
- Follow up with your buyer after the sale with a thank you note and your framed sale picture by **Labor Day**.

Failure to follow these project guidelines as stated by the Barry County 4-H Livestock Developmental Committee may disqualify a member/participant from the Livestock Sale at fair.
