## EVENT PARTNERS

This Cultivate Michigan Marketplace event is brought to you by the [Michigan Farm to Institution Network \(MFIN\)](#) and the [Michigan Department of Education](#) along with local hosts, [MSU Extension Community Food Systems](#), and [The Farm at Trinity Health](#). This event is made possible through a MDARD Specialty Crop Block Grant and funding from the W.K. Kellogg Foundation. The Michigan Farm to Institution Network is coordinated by the [MSU Center for Regional Food Systems](#) with support from MSU Extension. with support from MSU Extension.

Michigan Farm to  
Institution Network

Center for  
Regional Food Systems

**This passport includes a list of all registered buyers and suppliers, each with an indication of local food products they are looking for or which products they offer, respectively.**

#### **WHO IS HERE?**

**Institutional food service and other food buyers** interested in purchasing local food products from farmers and other local food suppliers in the region. Institutions of every scale were invited to participate.

**Farmers and other food suppliers** interested in selling local foods to institutional food buyers in the region. Farmers, food hubs, processors and distributors of every scale were invited to join.

#### **HOW IT WORKS**

*It's a mix between speed-dating and a trade show!*

- Buyers are stationed at tables around the room, and farmers and suppliers will rotate to meet with buyers of their choice.
- When the event starts, suppliers should find a buyer they would like to meet.
- Make introductions, ask questions, and exchange information. Then do it again with as many people you would like to meet.
- Be aware of the time and of others wanting to meet the person you are speaking with.
- Suppliers – you want to keep moving! This event is meant to build new relationships that extend beyond the night.
