

Landscape Horticulture/Arboriculture Internship Program

The Position:

Summer Grounds Worker (Intern): requires some work/hands on experience working in some facet of the green industry with a green industry field of study.

Position Overview:

These are temporary, hourly, seasonal positions. The Intern will assist with the maintenance of indoor and outdoor gardens and displays as well as grounds maintenance and landscaping responsibilities.

Work Schedule:

The work schedule is varied and may include weekends and holidays. Flexible start and end dates with opportunities over winter break.

College Credit:

Cranbrook is willing to work with your Academic Advisor to meet the needs of you earning credit in your degree program.

Wages:

\$17.32 per hour

Responsibilities (include but not limited to):

- ✎ Work with horticulture/arboriculture staff to coordinate and carryout daily tasks
- ✎ Operate tractor, mowers, power equipment, etc.
- ✎ Assist with the maintenance and installation of indoor and outdoor gardens under the supervision of the horticulture staff (weeding, watering, planting, etc.)
- ✎ Maintain trees and control invasive plants
- ✎ Perform other reasonable related duties as assigned by immediate supervisor and other management staff

Requirements:

- ✎ All applicants undergo a background screening process including a Criminal background check
- ✎ Must be able to lift 30lbs and work outdoors in extreme weather conditions
- ✎ Valid Driver's License

How to Apply???

Students wishing to apply for a position in the landscape Internship Program should send a completed employee application, resume and a cover letter indicating their anticipated graduation date along with, academic transcripts and one letter of recommendation (from professor or employer).
