Description: This is a very involved internship where you will be immersed in every aspect of multiple sports on campus including: Baseball, Softball, Soccer, Lacrosse, Football, and many more. The intern will assist in all aspects of daily maintenance on the six baseball fields. Including clay maintenance, edging, weeding, mowing, painting, fertilizing, water, etc. Interns will also assist in painting of multiple field layouts both indoor on our two synthetic sports fields and our 11 outdoor soccer fields.

Interns will get opportunities to operate and maintain several pieces of equipment including but not limited to:

- Painters
- Mowers (zero, push, & rotary)
- Tractors
- Skid Steer
- Spreaders
- Weed Whips
- Blowers
- Edgers
- Plate Compactors
- Sod Cutters

Interns will also get experience in planning, scheduling, and managing a group of younger employees. This should help them grow as a leader and develop the proper skills to one day run their own crew.
